The New York Herald's Relief Commission.

INDIANAPOLIS, April 3.—George V. WILLIAMS, the New York Herald Commissioner in charge of the Herald Relief Fund, is in the city consulting with the Board of Trade Committee as to the proper distribution of relief. The local committee has about \$12,000 on hand, and Mr. Williams has \$9,000, the remainder of the \$30,000 with which he started from New York. Mr. Williams says he made from Ripley, O., to Paducah, Ky., 230 landings, and relieved about 2,000 families, not including those relieved by committees in larger cities. He gave out the money to individuals in sums of about \$30, though larger amounts were given committees. He does not think the effects of the floods will be of permanent harm. He says the people are rapidly recuperating, and he was pleased to find them disposed to help one another, many declining relief themselves in order that neighbors might be aided. He, however, had something for all.

MUNICIPAL ELECTIONS.

Mostly Non-Partisan and Without Political Significance.

A Majority of the Towns Report Democratic Gains Personal Matters, However, Seem to Have Entered Largely into the Contest.

WILMINGTON.

WILMINGTON, O., March 3.—Returns from the elections are too meager to estimate the results accurately. From present indications the result of the Republican primaries is as follows: For State Senator, Jesse N. Oren; for County Auditor, A. H. Jenkins; Treasurer, I. W. Matthews; Recorder, E. B. Howland; Commissioner, John Watkins; Representative, D. S. King. A bitter fight was made for Auditor, and the result of the primaries is anything but satisfactory, many Republicans threatening to bolt the nomination.

In Wilmington the members of the old Council were re-elected as follows: W. G. Terrell, L. B. Sayre and F. M. Moore. In the township, H. H. Lewis, William L. Wall and John Clevenger are undoubtedly elected Trustees; R. C. Stamm, Clerk; Thomas L. Reisher, Treasurer; Calvin Davis, Assessor, and C. H. Street, Constable. Much interest was manifested in the election, and a full vote polled.

CLEVELAND AND ADJACENT TOWNS.

CLEVELAND, O., April 3.—Last spring the Democrats elected their ticket for the first time in years. Last fall the Republican party again suffered defeat. The municipal elections yesterday have resulted in another Democratic victory. John H. Farley was elected Mayor by a majority of 3,000 or 4,000; Thomas Alworthy, City Treasurer, by 2,000; John C. Hutchins, for Police Court Judge, against whom a very bitter fight was made, was elected by 1,000 majority. The balance of the Democratic city ticket was elected by majorities ranging from 1,000 to 4,000. The Democrats are jubilant over their success, and paraded the streets last night with bands and banners.

Advices from Ashland, Youngstown, Vermillion, Girard, and other towns say the entire Democratic ticket is elected. Comment went Republican by a small majority.

ATHENS.

ATHENS, O., April 3.—The election here passed off quietly. An unusually large vote was polled. The election was non-partisan and entirely without political significance. Peter F. Esterwald was elected Marshal; F. D. Pomeroy, Street Commissioner, and J. D. Brown, Jesse Cornell, and H. M. Roach, members of the Council. All the officers elected are Republicans.

CHILLICOTHE.

CHILLICOTHE, O., April 3.—Complete returns from all the wards show that the entire Democratic ticket has been elected, although a bitter fight was made by the opposition. Following are the majorities: Mayor, David Smart, 261; City Solicitor, Silas F. Garrett, 486; Marshal, James Conley, 156; Street Commissioner, Charles Lister, 56.

POMEROY, O.

POMEROY, O., April 3.—The election in this city resulted in the election of Charles Weldt, Democrat, for Mayor; J. B. Scott, Republican, for Marshal; O. L. Bradbury, Republican, for Solicitor, and Abraham Keiser, Republican, for Street Commissioner.

AKRON.

AKRON, April 3.—The election passed off quietly, a very large vote being polled. There has been more scratching than has ever been known before in the city. The result is not yet known with any degree of accuracy, but so far as returns have been received it shows the election of L. D. Watter, Democrat, for Mayor, by at least 150 majority; John McCourt, Republican, for Marshal, by 100; C. S. Cobb, Republican, for Solicitor, by 25; James Wildoe, Republican, for Street Commissioner, by 200. The Democracy gain four members of the City Council by majorities ranging from 3 to 75. This gives 7 Democrats to 5 Republicans in the City Council. In the Board of Education the Democrats gain two members, making that body stand 8 Republicans and 4 Democrats.

LANCASTER.

LANCASTER, O., April 3.—The Republicans elected their Marshal, City Solicitor, one member of the Board of Education, one Trustee, one Water Works Commissioner, one Cemetery Trustee, and two members of the Council. Being a complete reversal of the results attained by the Democracy heretofore.

GREENVILLE.

GREENVILLE, O., April 3.—Quite a large vote was polled in this county, at the Democratic primary election and judicial election, resulting in the following nominations: Representative, David Baker; Sheriff, Thos. A. Lechlitter; Commissioner, John G. Danbler; Coroner, D. C. Oliver; Infirmary Director, Samuel Leidy, John W. Sater. The Democratic nominee for Judge received more than his party strength in this county, over the determined opposition of the Greenville Democrat, and is undoubtedly elected by a large majority.

The Fifth Ward gives Farley, for Mayor, 1,000 majority. This is a Democratic gain of 500 over the vote for Mayor two years ago. The Eighth Ward gives Farley 950 majority; the Seventh, 750 majority, and

the Tenth, 210 majority. The Democrats will elect ten out of eighteen members of the Board of Education and two-thirds of the City Council will be Democratic. The Germans voted solidly for the Democratic ticket. John C. Hutchins, who was bolted by many workmen, is elected Judge of the Police Court by about 1,000 majority. Leading Democrats claim that Farley's majority will be over 5,000.

WAPAKONETA.

WAPAKONETA, April 3.—The elections excited more than usual interest. All the wards in the town are Democratic. All the Democratic town and township officers were elected by the usual majorities.

The most interest, however, centered about the Democratic primary election, which was also held yesterday, the contest for Auditor being the main fight. The candidates were Arthur Biler, of this place, and W. F. Torrence, of New Bremen. The latter is probably nominated by 500 majority. The Democratic ticket, as nominated, is as follows: For Representative, the present incumbent, G. W. Holbrook; for Auditor, W. F. Torrence; for Surveyor, John Walsh; for Commissioner, John Wers; for Infirmary Director, Henry Keiselt. On some of the candidates heavy betting was done, and considerable money changed hands.

COLUMBUS.

COLUMBUS, O., April 3.—The election passed off quietly. Its absolute quietness was perhaps its most popular feature. The fight seemed to be concentrated upon the head of the ticket by some of the elements of the Republican party. Otherwise it was centralized upon the balance of the city ticket. Returns from seventeen precincts indicate the election of the head of the Republican ticket, General C. C. Walcott, for the Mayoralty. Otherwise the complete Democratic city ticket has been elected. General Walcott made large gains in the German wards, and the balance of the Democratic ticket made large gains in the same wards. Thus the question became less political and more personal, so far as the head of the ticket was concerned. The Democratic party practically gained the advantage.

MT. VERNON.

MT. VERNON, O., April 3.—The result of the election is as follows: Marshal, Henry Cooper; Street Commissioner, Joshua Hyde; members of the School Board, L. P. Holbrook and W. L. Waddell; Trustee of the Water-works, William Banning; Cemetery Trustee, O. W. Hubbell. The balance of the ticket is Republican, except one Councilman, Democrat, H. Young Rowley.

XENIA.

XENIA, O., April 3.—James Winane, Democrat, was elected City Solicitor. The Republican primary resulted in the election of F. E. McGreely as Treasurer, W. B. Baker as Auditor, H. H. Conkling as Commissioner, John W. Manor as Infirmary Director, and Gest as Representative.

The Democrats elect four Councilmen out of six. We also elect our township ticket by a majority. There was an unusual amount of scratching done.

CINCINNATI.

CINCINNATI, April 3.—Returns coming in slowly, owing largely to the fact that there were three distinct tickets in the field—Democratic, Republican and Municipal Reform. The lead pencil has been used with great liberality. The ward officers being voted for on the general ticket adds largely to the delay in completing returns. At midnight only fifteen precincts had completed the count. Estimates based on these leaves the election of Mayor in doubt. Eschely, Republican candidate for Comptroller, is re-elected by over 2,000 majority; Caldwell, Republican, Prosecutor, is also re-elected by about the same majority; Springmier, Democratic candidate for Board of Public Works, and VonMartels, Democratic candidate for Police Judge, are claimed to be elected.

LATER.

CINCINNATI, April 3.—The following figures are reported: Stephens, Democratic candidate for Mayor is claimed by the Democrats to have a majority of 2,500 over Sadler. Von Martels, Democratic candidate for Police Judge, 3,000 majority. All the rest of the Democratic ticket, with the exception of Shay, candidate for Prosecutor of Police Court, and Mulvihill, candidate for Comptroller, are elected by majorities varying from 600 to 800 majority. There is no question as to the election of Eschely.

STREUBENVILLE.

STREUBENVILLE, O., April 3.—Jas. McConville, the Democratic candidate for Mayor, was triumphantly elected in the hottest contest ever known in Steubenville, and by the largest vote ever polled in this city. Following is the vote: First Ward, Love, 228; McConville, 220; Second Ward, McConville, 379; Love, 370; Third Ward, McConville, 280; Love, 272; Fourth Ward, McConville, 245; Love, 204; Fifth Ward, McConville, 241; Love, 126; Sixth Ward, McConville, 155; Love, 103, which gives McConville 214 majority. The Democrats elect four out of six Councilmen. The Republican candidate for Marshal was elected.

PORTSMOUTH.

PORTSMOUTH, O., April 3.—The vote polled throughout the city has been a large one for a municipal election, only falling about 100 short of the vote on Secretary of State last fall. The Democrats have elected the Mayor by about 200 majority. The Republicans elect the remainder of the ticket by small and varying majorities.

TOLEDO.

TOLEDO, O., April 3.—The entire Demo-

cratic ticket is elected. The contest has been stubbornly fought, with a very few straight tickets voted—probably none. The scratching has been terrific. Republicans concede the election of the Democratic ticket, with the exception of Police Clerk. MIDDLETOWN.

MIDDLETOWN, O., April 3.—The entire Democratic corporation ticket was elected, with one exception—that of Water-works Trustee, by the following figures: For Council, two years, H. P. Clough, 582; J. G. Lummins, 518; John Lutz, 525; for Council, one year, Charles Long, 574; for Water-works Trustee, D. Bowman, Republican, 455; W. M. McLain, Democrat, 320.

EVANSVILLE, IND.

EVANSVILLE, IND., April 3.—The city election yesterday resulted in a Democratic victory, that party electing four Councilmen out of six, and the city ticket with probably one exception. On Mayor the majority will be 300.

ZANESVILLE.

ZANESVILLE, O., April 3.—The indications are that the Democrats elect the whole ticket by very small majorities, ranging from ten to 100. Great interest is manifested in the result, as the election is a very hotly contested one.

Dr. Robert Collyer, the eminent Congregational divine of New York City, is wanted here for a forgery committed by him as a means of drawing his pay the second time for services rendered a railroad company. Collier has boarded the most of the time since he turned up in this city in the Grand Pacific Hotel.

INDIANS AT SCHOOL.

Industrial Training Mixed In With Their Studies.

WASHINGTON, April 3.—Lieutenant Pratt, of the Indian Training School at Carlisle, Pa., in his report to General Eaton, the Commissioner of Indian Affairs, gives some interesting facts about the Indian school and its results. The school was opened November 1, 1879, with 117 young Indians. Others were added, so that at the end of the first year there were 239 pupils in the school, at the end of the second year 295, and at the present time 379, of which number about one-third are girls and two-thirds boys. He says:

"From the beginning our principle has been to place the most emphasis on industrial training; next English speaking then literary training. To accomplish this we early in the work established shops for mechanical instructions in carpentry, blacksmithing, wagon making, harness making, tailoring, tin-smithing, shoemaking, printing and baking, and one farm of 115 acres gives some scope for agricultural training. We have avoided theory in our training, adhered to practice, being governed to a great extent by the old apprenticeship system. They give half of each day to work and the other half to school, and we have found that our progress is proportionately greater in each than if the attention was devoted to either the one or the other for the whole time.

Under this system we have under training as carpenters, thirteen boys; as wagon makers and blacksmiths, fifteen; as harness makers, fifteen; as shoemakers, nineteen; as tailors, twelve; as tinners, eleven; as printers, five; as bakers, three, and every boy not engaged at some trade is required to work upon the farm. We think our boys as forward in capacity for receiving instruction in each of the several branches as the average white boy. The blacksmith shop apprentices after two years' instruction are able to iron a wagon, repair a plow, shoe a horse, etc. The other trades make like progress. The Lieutenant is of the opinion that the true solution of the Indian problem is to scatter the Indians among the whites the same as other foreign races are treated, breaking up tribal relations and encouraging labor and intelligence among them.

SECRETARY FOIGER.

WASHINGTON, April 2.—Secretary Foiger suffered more intensely with his eyes today than he has at any time during his sickness. His physicians think he will have to remain in a darkened room for several days. When asked this morning when he proposed to start on his trip to the Bermudas, the Secretary laughingly said: "Ask the newspapers. They have decided several times upon the day of my departure."

DORSEY'S HOME-RUN.

The Star-Route Circus—A Point for the Defense.

WASHINGTON, April 3.—Dorsey made an excellent home-run yesterday afternoon, which scored for him at least one good point today. Bliss was asking him about his connection with the mail route from Topeka to Adairville, in Utah. "You must have made a good deal of money on that route, did you not, Mr. Dorsey?" inquired Bliss. "No, sir, I made nothing on that route," replied Dorsey. "Did you not make about \$5,000 on that route?" continued Bliss, growing precise and specific. "No, sir, I did not make a cent on that route."

"Why, how so?" "Because Rendell stole \$5,000 of the money on that route," replied Dorsey, to the astonishment of Bliss. "That is not so," he then fired back the chief lawyer.

"Well," drawled out Dorsey, in an emphatic and passionate tone, "to state it more correctly, it was only about \$4,900 that Rendell stole from us on that route. Probably I was mistaken as to the exact amount. It was only about \$4,900."

The native manner in which Dorsey brought out his point, and the readiness with which he sprung the trap on Bliss which Bliss had set for him, exasperated the lawyers for the Government and brought out applause from the friends of the defense. Aside from this incident, the proceedings were of a routine character. Argument was made pro and con on the demand of the Government that Dorsey produce his letter books. This Dorsey declined to do, because some 600 leaves had been torn out of the books, and among them was the letter of December 9, 1878, which the Government wanted. It is believed that Rendell knows who did the tearing, and where the leaves are now. The Court ruled that the defendant is now compelled to produce the books, but that the prosecution could introduce secondary evidence to favor their case.

Mr. B. U. Keyser was here sworn, and produced the account of S. W. Dorsey with the German-American National Bank, which shows that on July 25, 1878, a check was paid for \$562.

Dorsey, resuming, said he only saw A. W. Moore but once. He said he had paid Moore \$250 on Miner's order, and charged it to the firm of Miner, Peck & Co. He sent Rendell out in the summer of 1878 to look after the service, and advanced the contractors \$3,000 which he took security for.

Merrick then began to examine the witness on the routes in detail, and was still on the Topeka route when court adjourned.

POSTMASTER GENERALSHIP.

The Attorney General's Decision—Governor Porter, of Indiana, a Candidate.

WASHINGTON, April 3.—Attorney General Brewster, in rendering his decision on the appointment of a Postmaster General, adopted the opinion delivered by his predecessor, Attorney General Devens, that the President has but ten days subsequent to the death of a Cabinet officer in which to appoint a successor. This gives the President twenty days from the death of Judge Howe to select a Postmaster General, or until April 11. The President intends leaving here for Florida on Wednesday next. Should he conclude to remain in the South beyond the time in which he must make the appointment, he will designate the Postmaster General from his resort. There are politicians here tonight who believe, however, that the appointment will be made to-morrow, and that the object of the President in postponing his departure one day was to decide upon a man for the place. Who the man will be no one will now venture to guess. As time moves on every one seems to veer out further from any definite idea upon the subject. Almost every man mentioned for the place now looms up with equal prominence, and there will not be very great surprise, no matter who the man shall be. An evening paper announces another candidate from Indiana in the following language: "One of the latest candidates for Postmaster General is Governor Porter, of Indiana, and he will, it is said, have the united support of the Republicans of his State for the place. It is urged in his behalf that his appointment would be a wise stroke in a political sense, in that it would encourage the Republicans of Indiana to greater efforts to recover the State. It is claimed for Governor Porter that he abandoned the First Comptrollership of the Treasury to enter the race for Governor, then regarded as a sort of forlorn hope; that he won after a gallant fight, and therefore is entitled to peculiar consideration."

Smallpox in St. Louis.

St. Louis, April 3.—Smallpox has made its appearance in the vicinity of St. Peters and St. Paul's school in this city, and fifteen cases have been reported to the Board of Health during the past few days, while quarantine is reported as filling up rapidly and a regular scourge is looked for in consequence.

Last night a fit of jealousy came over him, and going to the house of Rosa he shut and locked the door, stabbed her to the heart, and turned the knife against his own breast, inflicting two mortal stabs.

The English sparrows have appeared in large numbers on many of the farms in this county and are getting to be a great nuisance. Birds that are useful to the farmer are preyed upon and driven from their accustomed haunts by these feathered freebooters to such an extent that a war of extermination will be waged against them.

The Alice Oates Opera Company, which gave such a pleasing entertainment here some months ago, will appear at the Opera House to-morrow evening in "Mascotte." The company is one of the best that has ever visited Maysville, and their coming affords the opportunity for a rare musical treat. Seats may be secured at Taylor's News Depot.

Henry Banks, colored, charged with petit larceny was also tried and sentenced to confinement in the county jail at hard labor for thirty days. Bank's offense consisted in stealing certain articles from Messrs. Frank Devine and Lewis McCarthy, at Washington, last week.

THE CARROLLTON, Ky., Democrat says: If a farmer really wants to raise a crop of tobacco, he should not fail to canvas his tobacco beds. The wisdom of canvassing the beds has been thoroughly demonstrated in this county. In fact, it may almost be said that a bed never fails with cotton over it. The canvas keeps off the fly, shields the plant from the burning sun and in cold weather creates a warmth which sprouts the seeds and makes the plants grow fast.

C. T. Worthington and wife to J. T. Wilson, house and lot in Mayslick; consideration \$750.75.

John R. Thompson and others to Euelline Brunel, 302 acres, 1 road and 25 poles of land; consideration \$8,561.84.

A GENTLEMAN who wishes to buy some hogs has spent several days trying to find the owners of those that roam the streets of the city, but thus far he has been unable to find a single person in town who owns a hog. He has finally come to the conclusion that they "just growed" here and is thinking of gathering up a lot of them and taking the drove out to his farm in the country.

A DISPATCH to the Courier-Journal says: Judge J. W. Barr, of the United States District Court at Paducah, has rendered a decision in the case of Edward Chaybrook and others, colored, against the city of Owensboro for an equal share in the common school fund of that city. He sustains the right of the colored children to enjoy equal privileges with the white children in the distribution of the school fund, and grants an injunction against the Treasurer of Owensboro to prevent the paying out of five-thirteenths of the fund received for common school purposes further than negro schools. Only a pro rata share was contended for.

THE Washington correspondent of the Courier-Journal has telegraphed the following to that paper:

At the Elliott to-night I met a prominent Kentuckian of the Republican faith and asked him who he thought the President would appoint Postmaster General. "I have no idea who he will appoint, but I think he should appoint a Southern man, and I have in my mind's eye the very man for the place if he would accept."

"Who is it?"
"Win. Henry Wadsworth, of Maysville, Ky. He is a pure man, a good business man and a big man, and would add more brains and statesmanship to the Cabinet than any name I have yet heard mentioned for the vacancy."

"Why don't you Kentucky Republicans bring his name before the President?"
"We are thinking of it. General Grant is an ardent friend of his and would do most anything to see him in the Cabinet. Win. Henry Wadsworth would be an addition to the President's Cabinet."

MR. WADSWORTH is the best man who has yet been named for the place, but as he has kept himself severely aloof from the questionable practices of the Republican party it is hardly probable that his name will be considered in connection with the office.

MR. JOHN N. THOMAS, the only man in the State who owns a whole market-house, said to a reporter for the BULLETIN this morning:

"When I bought the building, it was understood that it was to be removed within sixty days from the time of the sale. The time has about expired, but the weather has been so unfavorable for work, I have not been able to take it down. Of course, if I intended to dump it over the river bank, I might have done it, but as I wished to save the material in as good condition as possible, in order to get my money out of it, it couldn't be expected that I should tumble it down in the slush and mud."

"How soon do you expect to take it down?"

"I can't say precisely, but I think certainly some time during the next thirty days."

"No," he said, in response to a question by the reporter, "I haven't heard that any special ceremonies have been arranged for the occasion, but I think it would be appropriate to have, say, a rip-roaring speech by Hutchins, a song and dance by Dr. Philster and Ed. Myall, and as the BULLETIN once suggested, 'Good-bye 'Liza Jane,' by the council in full chorus. The venerable landmark ought not to go down I think, unwept, unhonored and unsung."

And the BULLETIN agrees with him.

THE TERRIBLE NIHILIST.

It is a question whether he will permit the coronation of the czar.

St. Petersburg, April 3.—The Russian revolutionary party has issued a circular, which has been widely distributed, warning the people against being near the czar at the time of his coronation.

VIENNA, April 3.—Private dispatches from St. Petersburg give details showing the general alarm in Russia over the activity of the nihilists with regard to the coming coronation of the czar.

The Governor of Moscow is receiving anonymous letters daily, which, there is no doubt, emanates from the leaders of the nihilist party. The writers declare that since, according to the announcements of official organs of the government in the press, the czar has resolved neither to grant his subjects a constitution, nor to issue a general amnesty to political prisoners and exiles, on the occasion of the approaching coronation, it has been resolved by the Central Council that everything possible shall be done to prevent the coronation being performed; and that, if necessary, even the Kremlin itself, with all the guests attending the ceremony, shall be blown up.

A dispatch from Moscow to-day states that Count Wornitzoff Daskhoff, who is making the final arrangements for the coronation of the czar, has received a number of anonymous letters, threatening that all those taking part therein will be annihilated.

THE KRONENBERG CASE.

He will be cleared on a technicality.

St. Louis, Mo., April 3.—News has reached here from Washington to the effect that the United States Supreme Court had reversed the decision of the Supreme Court of Missouri in the famous Kronenberg case. Kronenberg murdered Dora Bremer. He has had six trials, and was twice sentenced to be hanged. His neck is again saved, this time by a bare majority of one in the Supreme Court. Justice Miller delivered a decision reversing the judgment of the Supreme Court of St. Louis, and remanding the case for the proceedings in the criminal court inconsistent with this judgment. The decision was signed by five of the nine judges. Justice Matthews read a dissenting opinion, holding that the points on which it was claimed his conviction was illegal were not sustained by the facts. The dissenting opinion was signed by three of the other justices. Thus there were five in favor of a new trial for Kronenberg and four against. The attendance was very large, and much interest was manifested in the case. Kronenberg can now only be put on trial for murder in the second degree, and as the evidence will show murder in the first degree as the case is presented by the State, he will be discharged. Kronenberg's attorneys called at the jail and informed him of the decision. The prisoner showed much excitement, though feeble from sickness. He expressed thanks and praise for his counsel, and said: "I expected such would be the decision."

Accident on the Iron Mountain Road.

St. Louis, April 2.—Train No. 606 on the Iron Mountain Railway, due here at 6:17 o'clock this morning, struck a rock of several tons in weight that had rolled down on the track at Bushburg, a small station twenty-five miles from the city. The engine, No. 345, left the track and rolled down the embankment into the river, where she now lays, bottom side up. The baggage car was thrown off its trucks and landed across the track. The front end of the smoker was also untracked and thrown to the side of the track, but none of the coaches or sleepers left the rails. Engineer McGovern and his fireman were both seriously injured in jumping from the engine, but just how badly could not be learned. None of the passengers were hurt at all, aside from a good shaking up, caused by the sudden stopping of the train.

National Cotton Planters' Association.

Vicksburg, Miss., April 3.—The executive committee of the National Cotton Planters' Association met here yesterday. Action on location of the Cotton Centennial Exposition was postponed on account of a request from the promoters of the enterprise in New Orleans, who desire further time. John Scott, President of the Cincinnati, New Orleans and Texas Pacific Railway was present and rendered to the committee a special car. If they would accept an invitation to visit Cincinnati, which was received from the Mayor and prominent citizens of that city, it is thought that this invitation will be accepted. The committee adjourned to meet again at the call of the President of the association.

Dolphins of Deadly Damsels.

Paris, Ky., April 3.—Lillian Carter and Polly Hughes, daisy damsels, had a fight with a pistol and dagger. The former, wearing the pistol fired three times with the muzzle against the other, but missed, and received a severe wound from a dagger on the side of the head. The dagger occurred over a negro named Thomas Howard, who had been keeping both women, and both were arrested.

The Board of Magistrates, by a vote of 8 to 7, decided to hold a popular vote on May 12 whether or not to vote \$50,000 to the proposed Paris, Kentucky and Georgetown Railroad.

The Public Debt.

WASHINGTON, April 3.—A statement issued to-day shows a decrease of the public debt during the month of March to be \$9,344,826 27; cash in Treasury, \$315,031,983 46; gold certificates, \$74,969,720; silver certificates, \$77,625,331; certificates of deposit outstanding, \$9,715,000; refunding certificates, \$384,450; legal tenders outstanding, \$346,681,016; fractional currency outstanding, \$7,010,578 81.

The Bloody Bowle Knife.

St. Louis, April 3.—Last evening Christian Schneider, carpenter, and Jake Weil, laborer, fought over a young girl in Brown's saloon, on the levee. Schneider cut a seven-inch gash in Weil's abdomen with a bowle knife, letting out the viscera. He died in a few minutes.

Chicago Bricklayers Still Out.

CHICAGO, April 3.—There is no change in the situation of the bricklayers' strike, which commenced yesterday morning. Four thousand men are out for an advance of fifty cents to \$4 a day. The strike throws out 3,000 laborers, carpenters and other workmen.

The Wahle Label Suit.

CINCINNATI, April 3.—The case of Gustave R. Wahle against the Cincinnati Gazette for \$50,000 damages, has ended in a verdict of \$5 for Mr. Wahle.
